Sir

Subject -Grant for the construction of drains near the High School Head Master's Quarters at Kolar

I have the honour to state that on a series of urgent references from the Department of Public Instruction bringing to notice the unsatisfactory condition of drains near the High School Head Master's quarters at Kolar and requesting to arrange for a satisfactory drainage system immediately, a recommendation was made to Government to sanction a grant of Rs 1220/- being the estimated cost of constructing a drain at the place This grant was sanctioned, along with other grants to the Municipality, in Government Order No L 4-6 Ml 82-40 dated 14-10-1940 and the amount was also placed at the disposal of the Sanitary Engineer as per Government Order No L 1140-51 M1 86-39-145 dated 31-7-1940 for taking the work on hand

The President, Town Municipal Council, Kolar, now reports that th Sanitary Engineer, has stated that if the work were executed as per the estimate of Rs 1220/- it would cause the sewage to stagnate , that the estimate was not in accordance with the comprehensive drainage scheme prepared by that officer and that the estimated cost of the work to be done in accordance with that scheme would be Rs 3430/- The President further states that the Municipal Council have, at their meeting held on 26-6-1941, approved the revised estimate for Rs 3430/- ~~3420/-~~ received from the Sanitary Engineer, in this connection and have resolved that - Government may be requested to meet the excess over the original estima viz , Rs 2210/- as a grant to the Municipality out of Town Improvement Grants for the current year

The work for which the grant is now prayed for is of an urgent nature and the Municipal Council have no funds at their credit to take

p t o

take it up I therefore request that Government may be kindly moved to sanction the prayer of the Municipal Council

A copy of the resolution of the Municipal Council together with the revised estimate for Rs 3430/- and a copy of the Sanitary Engineer's letter No.1781 dated 29-5-1941, explaining the necessity for the revision of the estimate are enclosed herein for favour of reference

I have the honour to be
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District

President

Town Municipal Council Kolar

Letter No 1781 dated, Bangalore 28/29th May 1941 from the Sanita Engineer, Bureau of Sanitary Engineering, to the President, Town Municipal Council, Kolar

Drains near Head Master's quarters

With reference to your letter No M C 34/40-41 dated 29th January 1941 forwarding the estimate amounting to Rs 1220/- for the construction of drains near the Head Master's quarters, I have the honour to state that after verification, it is found that the proposals put forth in the estimate of Rs 1220/- are not in accordance with the comprehensive drainage scheme of Kolar town and hence a fresh estimate as per present requirements and in accordance with the comprehensive drainage scheme is prepared and forwarded herewith for your information

Memo No 175 dated 25-4-1941 from the Superinterde,t I G F Water Works, Bethamangala is also herein enclosed for favour of information and it explains the necessity for increasing the amount of the estimate for the work

The construction of only a short length of drain with the expenditure of Rs 1220/- will tend the sewage to stagnate But the proposal now made tends to lead the sewage to the existing drain at the corner of Someswara Temple street and will be a permanent improvement of the area, besides being in keeping with the comprehensive drainage scheme

I would therefore request you to induce the Municipal Council, to countersign the enclosed estimate and provide the balance amount to enable the work being undertaken

---
